Manufacture and Other Operations in Warehouse

• **Press Release dated 15.10.2019**

• CBIC has launched a revamped and streamlined program to attract investments into India and strengthen Make in India through manufacture and other operations under bond scheme, under Customs Act, 1962. Section 65 of the Customs Act, 1962 enables conduct of manufacture and other operations in a customs bonded warehouse.

• Manufacture and Other Operations in Warehouse Regulations, 2019 (MOOWWR, 2019) and Circular 34/2019 both dated 01 October 2019
• No geographical limitation on where such units can be set up.
• The unit can import goods (both inputs and capital goods) under a customs duty deferment program.
• There will be no interest liability and units will benefit through improved liquidity.
• GST compliant goods can be procured from the domestic market for use in manufacture and other operations in a section 65 unit.
• CBIC has collaborated with Invest India to launch a dedicated microsite for providing information and promoting the scheme and for facilitation of investors. The site can be accessed at https://www.investindia.gov.in/bonded-manufacturing.

• The scheme is expected to play a critical role in promoting investments in India and in enhancing ease of doing business. It can enable the ‘Make in India’ program, encourage exports, create hubs for electronics assembly, repair & refurbishment operations, inward and outward processing, facilitate global e-commerce hubs etc.

- The warehouse in which section 65 permission (Manufacture and other operations) is granted shall also be declared by the Licensee as the principal/additional place of business for the purposes of GST.

- To the extent that the resultant product manufactured or worked upon in a bonded warehouse is exported, the licensee shall have to file a shipping bill and pay any amounts due. A GST invoice shall also be issued for such removal.
• To the extent that the resultant product (whether emerging out of manufacturing or other operations in the warehouse) is cleared for domestic consumption, such a transaction squarely falls within the ambit of “supply” under Section 7 of the CGST Act, 2017. It would therefore be taxable in terms of section 9 of the CGST Act, 2017 or section 5 of the IGST Act, 2017 depending upon the supply being intra-state or inter-state. The resultant product will thus be supplied from the warehouse to the domestic tariff area under the cover of GST invoice on payment of appropriate GST and compensation cess, if any.

• The waste generated during the course of manufacture of the resultant product may be cleared for home consumption as per section 65(2)(b) of the Customs Act on payment of applicable duties of customs and GST.
Stake sale by ICICI Bank in GSTN

• One of the Private sector banks, and a stake holder in GSTN, ICICI Bank has exited the GSTN, the not to profit non Government company facilitating collection of the indirect tax, by selling its entire 10 per cent stake to as many as 13 state governments.

• The Stake transfer to various State Governments is scheduled to be completed by the end of March 2020. The bank will transfer 0.14 per cent stake to the Assam government and 0.81 per cent stake to the Telangana government. Besides, it will transfer Goa, Kerala, Manipur, Tripura, West Bengal, Delhi, Jharkhand, Uttar Pradesh, Chhattisgarh, Madhya Pradesh and Arunachal Pradesh governments 0.82 per cent stake each. ICICI Bank has exited the company following the government of India's decision to make GSTN into a public sector entity last year.
Legal Updates
Hardcastle Restaurants Pvt. Ltd in WRIT PETITION NO. 3492 OF 2018

Petitioner contends that since the hearing was only by three members and the impugned order is by four members, it is in breach of principles of natural justice. The Petitioner was not afforded an opportunity to present its case before Mr. Amand Shah, the fourth signatory.

Order-

Certain basic positions of law however are settled. The rule that one who hears must pass the order remains as the basic proposition.
In certain circumstances, this rule can be deviated from. None of the decisions relied upon by the Respondents fit the fact situation at hand to justify that deviation. We had adjourned the hearing to enable the Counsel for the Respondents to cite before us any decision where in identical facts courts have permitted the infraction of the basic rule.

We conclude that when the three members of the Authority had heard the Petitioner and participated in the entire hearing, the collectively signed decision, when the fourth member joined only for signing the order has resulted in violation of the principles of natural justice and fairness, and is liable to be set aside.
The issues that come up before the Anti-Profiteering Authority are complex. The Act and Rules provide no appeal. The Authority can impose a penalty and can cancel the registration. The term profiteering, under the Act and Rules, is used in a pejorative sense. Such a finding can severely dent the business reputation. The Authority is newly established. Therefore, as a guidance to this Authority, highlighting the importance of fair decision-making is necessary.

As a result, the impugned order dated 16 November 2018 passed by the National Anti-Profiteering Authority is set aside. The proceedings bearing Case No. 14 of 2018 before the National Anti Profiteering Authority – Respondent No.2. stand restored.
