Advisory SI/03/2021

Launch of Saksham Dashboard

DG Systems has launched several IT services (business applications, websites and tools, etc.) over the years for the use of CBIC officers. These services have different URLs. Some of which are available on Intranet, whereas others are accessible on internet as well. Officers need to remember individual URLs in order to access these services. Apart from this, many officers may not be aware of all these services.

To enable officers to see all the services on a single dashboard with better user experience, DG Systems has taken the initiative to provide a dashboard with single URL through which officers can navigate to their respective services by clicking on the concerned service icon on the dashboard.

Saksham		सक्षम		
CITRIX APPSTORE (BUSINESS APPLICATIONS FOR INTRANET)	SAMARTH (LEARNING MANAGEMENT SYSTEM)	SARANSH (MANAGEMENT DASHBOARD)	E-OFFICE	CBIC WEBSITE
ELECTRONIC BAGGAGE RECEIPT (ONLY FOR AIRPORT LOCATION)	SWAVAM (SSOID SELF SERVICES)	ANTARANG (OFFICER'S PORTAL)	E-SANCHAR/DDM	NACIN WEBSITE
ECCS APPLICATION (ONLY FOR COURIER LOCATION)	SAKSHAM SEVA (HELP DESK FOR DEPARTMENT OFFICERS)	CITRIX MYAPPSTORE	SERVICE MATTER PORTAL	ICEGATE WEBSITE
ADMINT (ADVANCED ANALYTICS IN INDIRECT TAXATION)	SATYARAN (RSA 2FA)	ICEGATE WEBMAIL (ICEGATE GENERIC MAIL ID FOR OFFICES)	RAKSHIT	ECCS WEBSITE

We are also configuring the AIOs so that the Saksham dashboard will open by default after successful login. Officer will get a default page of Saksham Dashboard (<https://saksham.cbic.gov.in>) on Internet Explorer, displaying all services on a single page.

I/139783/2021

A “Saksham” icon is also made available on AIO’s desktop. Officer can click on the Saksham icon and dashboard having URL <https://saksham.cbic.gov.in> will open.

If the officer wants to work on desktop applications, he should simply minimize the webpage which opens by default. Alternatively, officer can open the dashboard directly from any web browser by using the link <https://saksham.cbic.gov.in> from internet or intranet.

There are a few applications which are only available over intranet like Appstore, eBR, ADAIT, ECCS application. Also, a few applications like eBR and ECCS are available only from a few identified locations based on the business requirements and hence may not get opened from all the CBIC locations. For Rakshit application access is given through Antarang only.

For any issues, please contact Saksham.seva@icegate.gov.in

(Vinayak Chandra Gupta)

Additional Director General (Systems)
