

# No pendency of Oxygen Concentrators with Indian Customs

## 3000 Oxygen Concentrators received in the Country as International Relief Aid; All delivered/dispatched

### Customs authorities working 24x7 to fast track consignments of Oxygen concentrators

Posted On: 06 MAY 2021 12:16PM by PIB Delhi

It has been reported in some sections of the media that oxygen concentrators are pending at the Customs warehouse for getting clearance from the Custom authorities.

The news is totally incorrect, not based on facts and without any basis.

The Central Board of Indirect Taxes and Customs (CBIC) has clarified that there is no such pendency with Indian Customs. The Indian Customs is swiftly clearing all consignments & no such figures of pendency exist across any port of import.

In all, 3000 oxygen concentrators have been received from various countries as global aid to support efforts of Government of India and the States and UTs in their collective fight against the global pandemic. Of these Mauritius has sent 200 oxygen concentrators, Russia (20), UK has sent in four consignments (95+120+280+174), 80 from Romania, 700 from Ireland, Thailand (30), China (1000) and Uzbekistan (151). In addition, Taiwan has sent 150. The oxygen concentrators are either delivered to the identified tertiary care institutions, or been dispatched for delivery. The relief material has been dispatched through road and air too. There are no oxygen contractors lying in the warehouse of the Customs Department, it is clarified.

The Indian Customs is sensitive to the need for availability of COVID related imports including Oxygen & Oxygen related equipment etc., and are working 24 x 7 to fast track and clear the goods on arrival and lead to expeditious clearance within hours. The Goods are given high Priority for clearance by the Customs Systems for processing over other goods. While the Nodal Officers get alerts on email for monitoring and clearance, monitoring by senior officers for pendency of COVID related imports is also being undertaken.

Recently the matter regarding a consignment of 3,000 Oxygen Concentrators lying with Customs Authorities came up in the Delhi High Court and the same was clarified by the Government Counsel that presently no such consignment is pending with Custom Authorities.

The Ministry of finance also clarified the matter through an official release on 3rd May in response to flooding of social media with the news that 3,000 Oxygen Concentrators are lying with Customs. The Ministry stated, "We have again checked with our field formations and there is no such

consignment lying with the Customs. However, since a photograph has also been put on twitter, if anybody has information as to where it is lying, the same may be informed to us and we will take immediate action."
